TALENT HUNTING:

Employers Edge focuses on finding qualified candidates. We are experts in creating unique HR solutions while working within the budget and schedule constraints of our clients. Our main service, executive search, is geared toward assisting companies in gaining this competitive edge through the identification, evaluation, and hiring of top-tier individuals. We evaluate the needs of our clients and work to find the best candidate.

We seek and hire inspiring, transformative leaders from all kinds of backgrounds who deliver extraordinary skill and vision to the organizations they lead.

We prioritize our client's needs and are dedicated to assisting them in achieving their goals, making progress, and enhancing performance.

PERFORMANCE MANAGEMENT:

Managing performance makes ensuring your employees are working at their best. Our expertise enhances your team's performance.

Employers Edge is an expert at making sure you have the appropriate people in the right jobs and finding the best ways to keep them inspired while they represent your company.

We can demonstrate to you how to increase employee motivation and engagement at work, how to keep your most valued team members, and how the implementation of straightforward compliance procedures can help hold each individual accountable for their actions.

HR POLICIES & EMPLOYEE HANDBOOK

Our HR strategy demonstrates how to get in, hire, and keep the talent you require for growth.

We demonstrate how to make a successful plan, including developing a people strategy, creating team-building rules and practices, and coordinating your HR department with long-term objectives. You'll operate more efficiently, get stronger, and advance more quickly when you have the proper HR plan in place.

We also specialized in assisting small to medium-sized companies with an established HR team with any short-term HR overflow, employee professional development, or project work. For medium-sized organizations, we mentor current HR or Administration team members to strengthen their capabilities. We are plug-and-play and have the experience to operate inside your current HR function.

TRAINING & DEVELOPMENT:

Receiving high-quality training and development services enables individuals to work more productively, offer better customer service, and do so while continuing to enjoy their careers. As a result, more satisfied customers start to show up over time, which is advantageous for all parties. Of course, investing in employee training has additional advantages.

Employers Edge specialists can create enjoyable and motivating training and development programs to make sure your staff is prepared to perform at their best now and in the future.

DATA SCANNING & ARCHIVING

Employers Edge will help you transform your filing cabinets and paper piles into a text-searchable archive of digital files. With efficient and secure processes and state-of-the-art equipment, our service is guaranteed to exceed your requirements.

Your employees live in a hybrid world of paper and electronic information without a unified view of your information. Even after you locate the data you require, if it is in paper format, you will still find it difficult to share it with others, especially your remote workforce, or to access it quickly.

We specialize in providing scanning and indexing services for a wide range of industries including banking and finance, education, retail, healthcare, insurance, manufacturing, trading etc.
